## Quality Assurance in Dubai

#### Purpose

Provide KHDA with reputable, independent and international input and guidance on the quality of higher education provided in Dubai Free Zones.

#### Scope

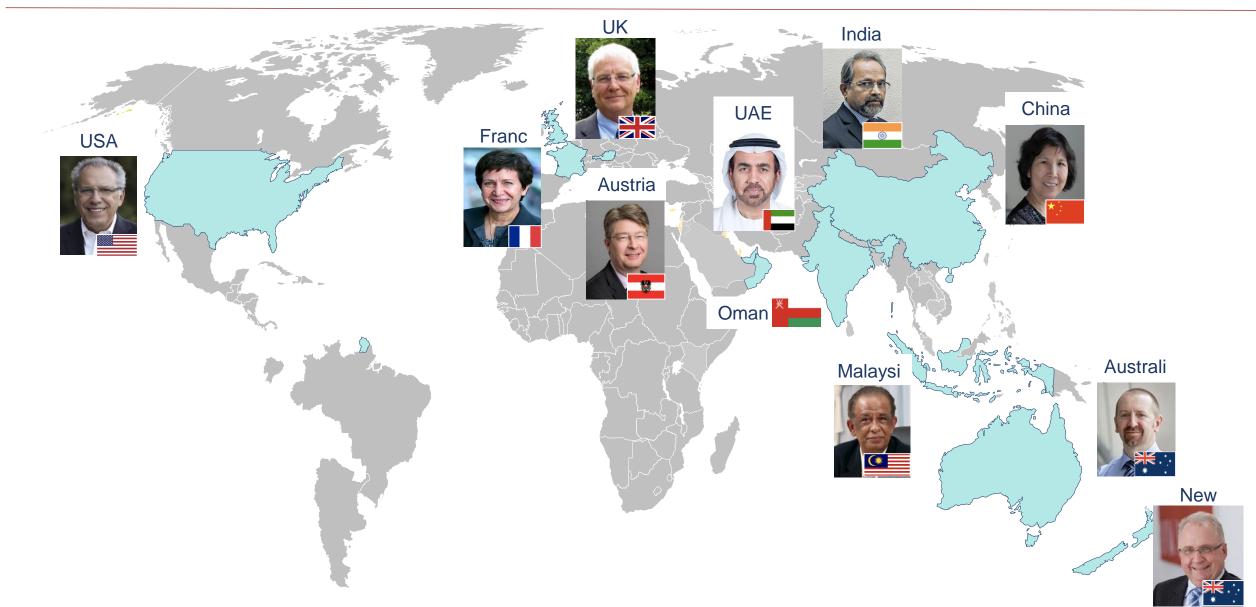

Review all new and existing institutional and programme applications and make recommendations to the Regulation & Compliance Commission at KHDA on accepting or rejecting the application, along with reasons to support the recommendation.

#### Objective

To validate that the HEP Branch provides learning context equivalent to that at the HEP Home; and the programs achieve equivalent learning outcomes to that at the HEP Home. This is called the 'Equivalency Validation Model'.

# Quality Assurance in Dubai

# Partnership with the World

## QBBG - Quality Beyond Boundaries

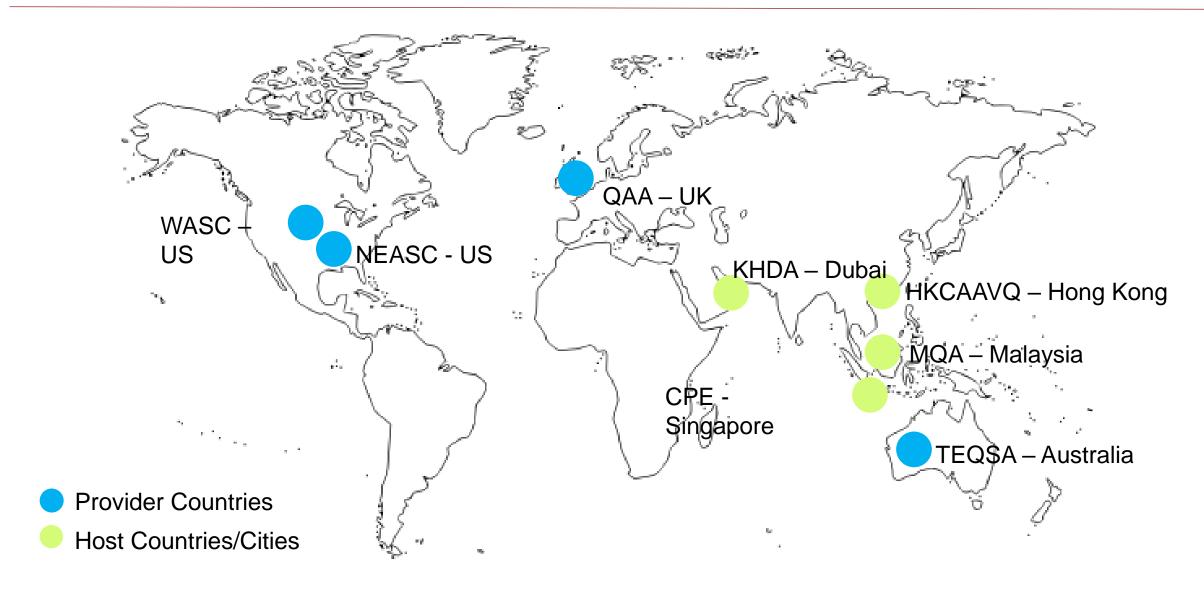

A trusting alliance of international quality assurance agencies implementing a collaborative and innovative future for transnational quality assurance to ensure that today's global students are tomorrow's global citizens

Today's Global Students are Tomorrow's Global Citizens

# QBBG - Quality Beyond Boundaries – *Core Members*

# QBBG - Quality Beyond Boundaries – *Core Values*

Guiding Principle s

#### Connect

#### Communicate

#### Collaborate

... to develop a zone of mutual understanding and trust among QBBG members.

... to stakeholders about quality assurance of CHBE and implications of CHBE.

... on the quality assurance processes.

#### Expected outcomes would be

- Increased understanding and trust
- Sharing information
- Better understanding of quality issues
- Up-to-date data

- Mutual understanding, trust and collaboration
- Student mobility and the passporting of degrees
- Contribution to the economy

- Increased effectiveness
- Lessening the regulatory burden
- Removal of regulatory gaps
